

Vaccine Safety Council *of Minnesota*

Tools for Standing Up Against Attempted Vaccine Mandates

A Partial List of Helpful Organizations and Potential Paths to Follow

- Most Important: **Get everything in WRITING!** All communication between you and the entity attempting to force you to take a medical intervention against your will is potential evidence for a lawsuit, and should be documented. Do not discuss the issue over the phone unless you are recording the conversation (which is legal in Minnesota).
- If your vaccine objection is for faith-based reasons, file a religious exemption. There are samples and templates in the links below.
- Sign up for VSCM action alerts [Advocacy \(vaccinesafetycouncilminnesota.org\)](https://vaccinesafetycouncilminnesota.org) and get involved in your own community. Write letters to legislators and newspaper editorial boards, speak out, attend events, [donate](#), run for school board or political office. Vaccine safety data is being completely censored in all pharma-funded media outlets, so share the truth wherever and however you can.

Minnesota Vaccine Record Requirement and Exemptions for Schools/Daycares

Minnesota state law requires that to attend public school, private school, homeschool, or attend certain state-licensed daycares, children must either:

1. Submit a completed vaccine record, **or**
2. Submit a notarized MDH vaccine record with the conscientious exemption selected, **or**
3. Submit a form signed by a physician that the child is exempt due to medical reasons, **or**
4. Submit a notarized statement indicating that the child has not received some or all recommended vaccines because of conscientiously held beliefs.

** Families who choose to decline any of the recommended vaccines must file an exemption.*

Minnesota Department of Health immunization record and exemption form: [Immunization Record Form - MN Dept of Health \(state.mn.us\)](https://www.health.state.mn.us/immunization/forms/immunization-record-and-exemption-form-mn-dept-of-health.pdf)

Instructions: Complete section 1 to document a medical or non-medical exemption, section 2 to verify history of varicella disease, and section 3 to consent to share immunization information. Name _____

1. Document a medical and/or non-medical exemption (A and/or B).
Place an X in the box to indicate a medical or non-medical exemption. If there are exemptions to more than one vaccine, mark each vaccine with an X.

Vaccine	Medical Exemption	Non-Medical Exemption
Diphtheria, Tetanus, and Pertussis		
Polio		
Measles, Mumps, Rubella		
<i>Haemophilus influenzae</i> type b		
Chickenpox (varicella)		
Pneumococcal		
Hepatitis A		
Hepatitis B		
Meningococcal		

B. Non-medical exemption: A child is not required to have an immunization that is against their parent or guardian's beliefs. However, **choosing not to vaccinate may put the health or life of your child or others they come in contact with at risk.** Unvaccinated children who are exposed to a vaccine-preventable disease may be required to stay home from child care, school, and other activities in order to protect them and others.

By my signature, I confirm that this child will not receive the vaccines marked with an X in the table because of my beliefs, I am aware that my child may be required to stay home from child care, school, and other activities if exposed.

Signature: _____ Date: _____
(of parent or guardian in presence of notary)

Non-medical exemptions must also be signed and stamped by a notary:
This document was acknowledged before me on _____ (date)
by _____ (name of parent or guardian)
Notary Signature: _____

Notary Stamp
STATE OF MINNESOTA, COUNTY OF _____

A. Medical exemption: By my signature below, I confirm that this child should not receive the vaccines marked with an X in the table for medical reasons (contraindications) or because there is laboratory confirmation that they are already immune.
Signature: _____ Date: _____

VSCM **does not** recommend that people use the MDH form, due to the coercive language in the highlighted area above. MDH promotes an agenda of fear without reporting the fact that all vaccines can harm or kill a child, as well. Had MDH been interested in providing true informed consent, the statement would also say: ***“Choosing to vaccinate may put the health or life of your child or others they come in contact with at risk.”***

If you do choose to use the MDH form, feel free to cross off the offensive language before having it notarized. If you choose to write your own exemption statement, here is a sample:

Reporting Coercion and Filing Complaints

As a citizen of the United States, your rights have been affirmed in the [Declaration of Independence](#), the [Constitution](#), and the [Minnesota Constitution](#). Additional rights have been affirmed in the [Nuremberg Code](#), [UNESCO's Universal Declaration on Bioethics and Human Rights](#), and other ethical codes adopted by countries around the world.

You have the right to accept some medical devices or treatment, while refusing others, without being denied service – see the [Minnesota Patient Bill of Rights](#). You have the right to choose what you do in accordance with your religious beliefs, as long you abide by the laws of the land. If your rights have been violated, **take action**.

If you have been discriminated against, coerced, lied to, or bullied by an employer, government entity, daycare, or school with regard to vaccine rights, consider reporting the offense and filing a complaint with the appropriate organizations:

- **Human rights violations – MN Department of Human Rights:** <https://mn.gov/mdhr/intake/consultationinquiryform/>
- **Civil rights violations – US Department of Justice:** <https://civilrights.justice.gov/>
- **MDH COVID-19 incident response team:** Josh Peterson 612-741-5393.
